Refreshments were served in the dining room, the table being very prettily decorated with streamers of pink crepe paper and flowers. On a side table were a Kewpie bride and groom and the minister, gowned and robed becomingly, and also the company's gift to Miss Fead, a set of fine glass goblets.

The whole evening was pleasantly spent and many good wishes were bestowed upon the guest of honor.

SHEER STRENGTH SAVES HIS LIFE

Saving his own life by the strength of his muscular arms, Charles Wellman, 37, Roseburg, tore loose his right leg which was entangled in the machinery of a gravel hoisting machine Friday afternoon and escaped with his life.

Wellman was hurried to Port Huron city hospital where physicians found that he has a compound fracture of the right leg.

"A set screw which caught my leg was pulling my body into the hoisting shaft, which would have meant instant death," said Wellman.

The accident happened at the Body gravel pit, four miles north of Roseburg. The hoisting machine set screw was elevated 25 feet in the air. Mr. Wellman was the operator of the machine. He was drawn into the shaft when the set screw caught hold of his trousers at the knee. The screw had twisted his leg around it when he extricated himself.

Wellman was employed by Dan Donlan, of Uhly, road contractor, who is constructing a new road through Roseburg for the county commission.

WHEN THE WORM TURNS

The big corporations, the financiers and the new breed of war millionaires are entrenched behind their dollars and their greed, and can see nothing but their own pleasure and their own will. Their towering ambition is greater wealth and power.

The labor unions, long suffering from capitalistic rapacity, have assumed gigantic proportions where by the nod of one man they are able to paralyze the industry of the country, throw hundreds of thousands of people out of employment, and bring others to sickness, starvation and the grave. Their power has gone to their heads.

The two classes combined represent only a small proportion of the population of the country, yet they practically demonstrate everything to the exclusion of all other classes.

The farmers, the doctors, lawyers, merchants, editors, preachers, and millions of others are at their mercy and gasping under the capitalistic and labor heels—because they are not organized. They represent the great majority of the population, and yet they are dominated by the small minority.

But the worm will endure just so much torment, and then it will turn. And this is equally true of the worms in the human family.

In Russia the aristocrats plundered the peasants until human nature could stand no more. Then the peasants arose in their might and tore the aristocrats asunder.

Russia is a bolshevistic hell as a result of this misuse of power. Washington should remove its smoked glasses, take a look around, and note conditions as they exist.

Some day the American worm may turn.

It may tire of the capitalistic plundering and the wielding of the labor lash.

It may send people to Washington who will represent the great masses, and not these two small classes.

Then the financier with a billion in his fist will look no better than the labor dictator with a lash in his hand.

And neither will look good at all.

Even in America the classes are not immune from the wrath of the masses—when desperation points the way.

CANADA HAS NEW NATIONAL ANTHEM

Victoria, B. C.—A new Canadian national anthem, written by Hon. Mr. Justice Archer Martin, of the Court of Appeal was formally endorsed by the Native Sons of Canada at a meeting here recently. The new song has been named "Canada, Our Canada," and musicians are now working out the score. The verses are as follows:—

Canada, Our Canada.
Hail! Stately country of our sires!

To thee we light the altar fires,
Ne'er to be quenched till life expires,
Canada, our Canada.

Each true son's heart glows with the flame
Of patriot pride to see thy name,
Writ large upon the role of fame,
Canada, our Canada.

Chorus
Canada, we hail thee!
Whoso'er may assail thee,
Never shall we fail thee,
Canada, our Canada.

From East to St. Elias' towers,
The cry comes through the awakened hours—
Arise, assert thy manhood's powers,
Canada, our Canada.

The time has come to take thy place,
Among the nations, face to face,
Equal at last with every race,
Canada, our Canada.
